

Colorado Commission for the Deaf and Hard of Hearing Community Resource Directory

Work is underway to set up an online resource directory where individuals will be able to input their own information as well as print the directory in a PDF format from the CCDHH website. The online directory will consist of both: a "straight-forward A-to-Z format with ample cross-references and a directory with categories (see an outline of topics on the second page). The CCDHH is targeting completion of this project by March 1, 2010.

If you want to be included, fill out this form with your organization's name and contact information. Please note that we will list only those who are accessible to the deaf and hard of hearing or are "deaf and hard of hearing friendly."

Thank you for your help!
